

*A SPECIAL MOTHER'S DAY POEM*

*Would I be wrong for saying that God's  
Greatest creations are mothers?  
For He has given her all the qualities  
That sets her apart from all the others.*

*He created the sun, the moon and the stars  
And placed them in the heavens to grace the skies,  
And He has given mothers the same sparkle and twinkle  
Every time she looks into her children's eyes.*

*He planted an amazing garden  
And made sure it was equipped to produce and sustain life,  
And every time I look at you I know why  
Eden was such a paradise.*

*As you walk through your garden  
Nourishing it with tender loving care,  
The humming birds sing songs that  
Serenade the world with music in the air.*

*I'm sure that you were the inspiration  
Behind the sweet fragrances of the flowers,  
And that your beauty was what He used  
To create May's flowers from April's rain showers.*

*I'm sure the soft songs of the birds  
Were inspired by your lovely voice,  
And I know when you sing the songs of God  
The angels in heaven applaud and rejoice.*

*And I know the love that He placed in you  
Is a love that causes great sacrifice,  
It is the same love that God has given the world  
And the same love that made Jesus give His life.*

*You are God's heavenly creation,  
And you have been the greatest mother to me.  
In you, I feel all His love, His power,  
His strength, His glory and His majesty.*

*You make me feel that all things are possible  
And that I can mount the wings of eagles and soar,  
Every time I feel like giving up,  
Your encouragement helps me to give a little bit more.*

*I thank God that He gave you to me,  
You are such a wonderful and caring mother.  
He has given you a beauty and integrity  
That sets you apart from all the others.*
